Section I
New Construction, Additions, and Alterations

Value of construction for permits will be determined by the most recent publishing of the ICC Building Valuation Data, which estimates per square foot value according to the type of construction and building use. Building use shall be based on the predominant occupancy classification for the majority of the structure per floor.

The square foot value determined by the predominant occupancy classification and the construction type shall be multiplied by the total square footage under roof, multiplied by the percentage modifier indicated below.

Residential (Site Built)

New development or replacement Construction 0.45% (forty five hundredths of one percent) Includes all trade permits.

Additions (enclosed) 0.34% (thirty four hundredths of one percent) Includes all trade permits.

Additions (open) 0.26% (twenty six hundredths of one percent) Includes all trade permits.

Detached Accessory (enclosed) 0.43% (forty three hundredths of one percent) Includes all trade permits.

Detached Accessory (open) 0.24% (twenty four hundredths of one percent) Includes all trade permits.

Level I Alterations 0.2% (two-tenths of one percent) Includes all trade permits.

Level II Alterations 0.23% (twenty three hundredths of one percent) Includes all trade permits.

Level III Alterations 0.29% (twenty nine hundredths of one percent) Includes all trade permits.

Commercial (Site Built)

New development or replacement Construction 0.47% (forty seven hundredths of one percent) Includes all trade permits.

Additions (enclosed) 0.34% (thirty four hundredths of one percent) Includes all trade permits.

Additions (open) 0.26% (twenty six hundredths of one percent) Includes all trade permits.

Detached Accessory (enclosed) 0.43% (forty three hundredths of one percent) Includes all trade permits.

Detached Accessory (open) 0.24% (twenty four hundredths of one percent) Includes all trade permits.

- Level I Alterations 0.2% (two-tenths of one percent) Includes all trade permits.
- Level II Alterations 0.23% (twenty three hundredths of one percent) Includes all trade permits.
- Level III Alterations 0.29% (twenty nine hundredths of one percent) Includes all trade permits.

FEE = ICC Square Foot Data × Square Foot under Roof × Percent Modifier

EXHIBIT C

PUTNAM COUNTY HEALTH DEPARTMENT FEES

The majority of fees listed herein is established by the state of Florida and are considered maximum charges. Per State guidelines, these amounts shall be adjusted on a sliding scale based upon the income of the recipient of the service. Fees established by the Putnam County Board of County Commissioners are marked with a (*), and are flat fees.

Due to the enormous number of procedures available for proper health care, and the constant addition of new tests and procedures brought forth by the advance of medical science, Putnam County adopts by reference those charges set forth under the State of Florida Medicaid Reimbursement Rate as they may be amended from time to time by the Putnam County Health Department for those primary care services, including, but not limited to, laboratory tests, for which there are no specific fees set herein.

Primary Care Services

Family Planning – The fee will be derived by considering the type of visit, the client sliding fee group, which is calculated at eligibility determination, based on Federal OMB guidelines, and no less than the State Medicaid Rate and no more than the Medicare Rate. Eligible Medicaid Coverage will be accepted as full payment in lieu of charges.

Family Planning Supplies – The fee will be our cost of the supply plus \$15 each.

Dental Services – The fee will be derived by considering the type of visit. Eligible Medicaid Coverage will be accepted as full payment in lieu of charges. Un-Insured/Self pay clients will be charged the Medicaid Fee for Service rate plus 25%. The Putnam CHD Administrator shall have authority to limit the number of un-insured/self-pay clients seen per day.

Lead Screening – The fee will be derived by considering the client sliding fee group, which is calculated at eligibility determination, based on Federal OMB guidelines. The fee group will be applied to the rate established by no less than the State Medicaid Rate and no more than the Medicare Rate.

Laboratory testing - The fee will be derived by considering the type of lab requested, the client sliding fee group, which is calculated at eligibility determination, based on Federal OMB Guidelines, and no less than the State Medicaid Rate and no more than the Medicare Rate. A lab draw fee of \$15.00 will also be applied for each visit to the client sliding fee group, which is calculated at eligibility determination, based on Federal OMB Guidelines.

Pregnancy Test – No charge to minors.
