

PROPERTY MAINTENANCE CODE UPDATE

We are hoping to have a workshop with the Board of County Commissioners to discuss how the Building Code, Fire Code, and Property Maintenance Code relate to each other and what areas are the responsibility of each enforcement area (Building Inspection, Fire Marshal, and Code Enforcement). This is necessary so that we can make sure all areas of concern are being covered and there not be overlap or duplication of responsibility. This workshop has not been scheduled and may be a few months away from being scheduled. Until further notice, no work is being done on the proposed Property Maintenance Code.
