

Silver Lake Drive Box Culvert Replacements: FPN# 426211-1-58-01

Construction of box culvers and associated roadway improvements at two crossings (Duval Branch and Two Mile Creek) along Silver Lake Drive.

The asphalt and striping has been completed on site.

The road has been opened effective Tuesday May 18th.

The remaining work on site including performance turf and punchlist items will be executed under intermittent lane closures. The placement of performance turf is scheduled to be completed by the end of the week.

Moseley Ave- FPN # 426318-1-58-01

Milling and resurfacing approximately 7590 LF of Moseley Ave from Reid Street to Edgemoor Street. The contractor has completed all paving with some striping and clean up to complete. No lane closures are expected.
