SITE WORK PERMIT APPLICATION

Project Name: _____

Parcel Number: _____

911 Address: _____

Owner Name: _____

Mailing Address: _____

Primary Phone: _____ EMAIL: _____

Contractor Name: _____

Mailing Address: _____

Primary Phone: _____ Email: _____

Future Land Use Designation: _____ Zoning District: _____

Flood Zone: _____ Size of area to be disturbed _____ (sq. ft./acre)

Anticipated amount of fill or excavation (If Applicable) _____ (Cubic Yards)

Supplemental Applications: Administrative Variance _____ Variance _____

Rezoning _____ FLUM Amendment _____ Mining or Borrow Area application _____

I hereby certify that I have reviewed the Putnam County, Florida Land Development Code and that my submission meets all requirements. The only exceptions are those items to which I am requesting variances or waivers from certain sections of the code and understand that they must be listed on the plans individually and on the attached submittal.

Owner/Contractor Date

STATE OF _____

COUNTY OF _____

Sworn to and subscribed before me this _____ day of _____, 20____

Signature of Notary Personally Known/ID Produced
Type of ID Produced _____

Supplemental Information:

Is this application for clearing trees and removing stumps (ONLY)? : _____

Is this application for clearing trees and root raking? : _____

Is this application for the purpose of adding dirt/fill to a property? : _____

If so, please indicate the location(s) of dirt/fill on the site plan.

Please provide the maximum height of fill intended: _____

Is the fill within a foundation or spread over the site? : _____

Is the fill leveling for a slab on grade? : _____

Is this application for the purpose of removing dirt from the property? : _____

Borrow areas greater in size than 1/8th of an acre may only locate in the Agriculture Zoning district with an approved Special Use Permit. Please include a copy of your approved Final Order. Any removal of dirt more than 1/8th acre in horizontal size shall constitute a borrow area.

Is this application for leveling the property? : _____

Residential Developments:

If you are planning to add fill (or dirt under a Mobile Home), please include on your site plan the distance of the fill from the property lines (to comply with setbacks), and where the fill will be located. Furthermore, include the height of the fill.

NOTE: If the height is greater than 12 inches, and is closer than 15 feet from the property line, indicate how runoff will be handled to prevent impact on neighboring properties.

If the fill is contained within a foundation, please note on the site plan how the natural ground will be graded around this foundation, and how far away from the foundation. The drainages requirements of the FBC (Section R401.2) requires drainage away from the foundation with at least 6 inches of fall within the first 10 feet.

SITE WORK PERMIT

DO I NEED A SITE WORK PERMIT?

You need a Site Work Permit to pave, alter/provide drainage, dredge, fill, or build storm water management facilities. A typical project requires building permit for the structure(s) and site work permit which displays the civil plans. Civil plans include:

- Drainage Plan (Engineered)
- Grading & Paving Plan
- Landscape & Irrigation Plan
- Sedimentation Control Plan
- Stormwater Management Plan

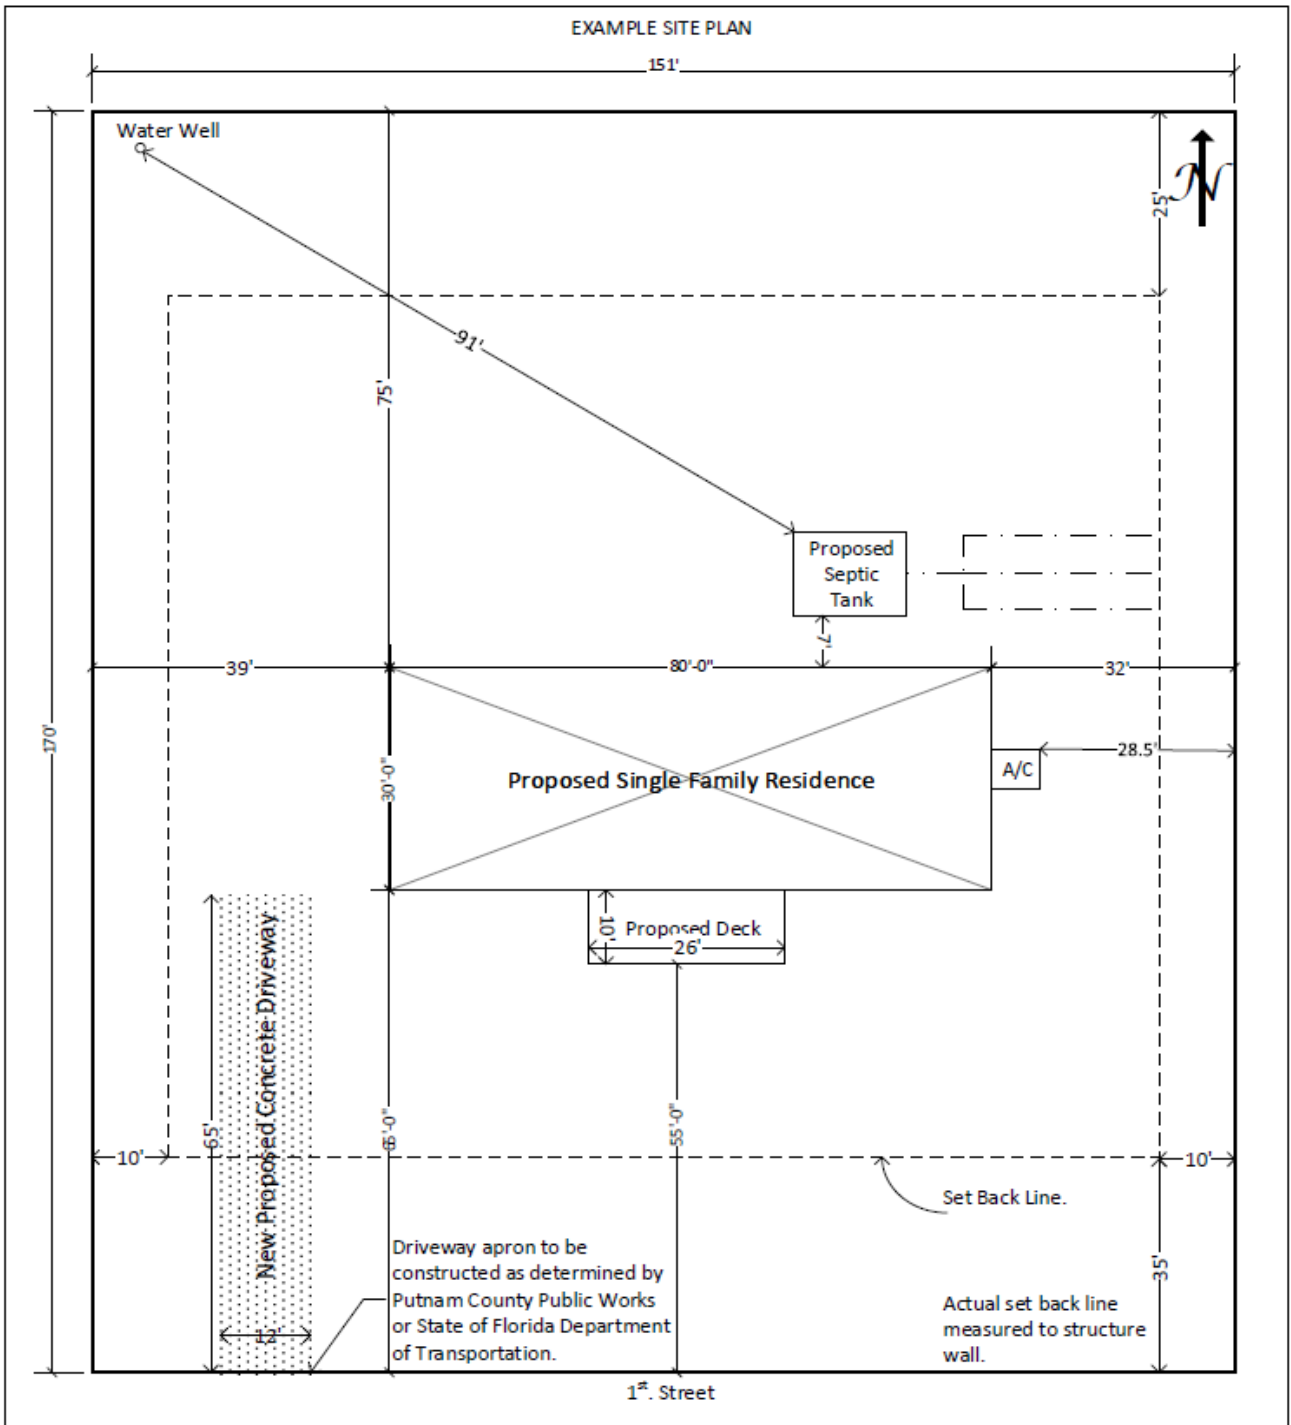

REQUIREMENTS

- Application (Signed & Notarized)
- Application Fee (Non-refundable) Established by the Putnam County BOCC
 - Residential
 - Commercial
- Recorded Deed
- Site Plan
 - All basic site plan elements must be displayed including but not limited to location of the proposed work, all existing structures on the property including driveways and access roads, if any existing utilities or easements, and the site plan shall be drawn to scale with all pertinent dimensions. (See Example Site Plan Check List)
- Applicable Plans
 - An engineered Drainage Plan and narrative must be submitted.
 - Typical commercial projects require the following additional plans:
 - Grading & Paving Plan
 - Landscape & irrigation plan
 - Sign Plan
 - Mining and Borrow Area projects shall submit their respective applications. These materials should be adjusted to reflect comments from their Preliminary Development Review meeting.

For more information please review the DRC application or call the DRC Chair at 386-329-0491. ***Note: Plans must provide supporting information (e.g. reference LDC sections, display calculations, etc.) to illustrate compliance with the LDC.***

SITE PLAN SUBMITTAL CHECKLIST	INCLUDED
Basic Site Plan Elements	
Location Map with Survey	
· Location of Existing Utilities (Water, Sewer, Electric, Gas, Etc.)	
· Existing and Proposed Easements	
· Special Flood Hazard Areas with Elevations	
· Wetland Protection Setback Lines	
Proposed use and Description of Project	
Grading/Paving Plan	
· Paved or Stabilized Areas	
· Existing & Proposed Vehicular & Pedestrian Access Ways	
· Off-Street Parking	
· Loading & Service Areas	
· Location of Adjacent, Internal, Streets, Driveways, Access Points	
· Lighting for Parking Areas	
· Mobility Signage	
Landscaping & Irrigation plan	
· Screening & Buffering	
· Landscaping Vehicle Use Areas	
· Irrigation	
Life Safety Plan	
· Fire Protection	
· Fire Hydrants & Water Mains	
· Fire Access Lanes	
· Turning Radius	
· Hazardous Processes/Materials	
Drainage Plan with Narrative	
Sedimentation Control Plan	
· Proposed Water/Wastewater Facilities	
· All Service Laterals, Water Meters with Size	
· Stormwater Management Facilities	
· Maintenance Statement	
Sign Plan	
· Location/Dimensions/Engineering	
Statement Outlining Status of Federal, State, Regional Permits	
Phasing Plan (if applicable)	
Construction Plans	
· Occupancy Classification of Building(s)	
· Assumed Property Lines/Building on the Same Lot (if applicable)	
· Location of Exterior Egress Doors	
· Accessibility Route (exterior, interior, entrances, etc.)	

Example Site Plan Check List	
Provide Check List Items On Site Plan	√
The name and preparer of the site plan.	√
The property owner as listed on the deed.	√
The location of the property. (911 address or intersection.)	√
The present zoning of the property.	√
The dimensions of the property. (I.E. length of the lot lines.)	√
A North arrow. (must point north relative to property.)	√
A graphical scale.	√
Date of submittal.	√
Signature of the applicant or designated agent.	√
The location of all existing and proposed structures and major features.	√
The existing structures or major features are labeled "existing" and the proposed structures or major features are labeled "proposed".	√
Location of septic tank and drain field.	√
Location of water well.	√
Location of large equipment. (Mechanical Equipment, Generator, ETC)	√
The dimensions of all structures and features.	√
The distance of all structures from property lines. (measured from farthest projection of exterior wall.)	√
The distance between all structures. (measured from furthest projection of exterior wall.)	√
The Floor Area Ratio complying with Putnam County Land Development Code section 7.02.02. (See Example Calculation Below)	√
The percentage of property covered by existing and proposed structures complying with Putnam County Land Development Code section 7.02.02. (See Example Calculation Below)	√
The width, length and surface type of all existing and proposed driveways.	√
<p>Example Impervious Surface Area Ratio Calculation:</p> <p>Step 1. Find total impervious area: Driveway = 780 sq. ft. Deck = 260 sq. ft. Home = 2400 sq. ft. Total = 3440 sq. ft.</p> <p>Step 2. Find total lot area. 151' X 170' = 25,670 sq. ft.</p> <p>Step 3. Divide total impervious area by the lot area. 3440 / 25670 = .134</p> <p>Step 4. Move decimal to the right to obtain a percentage. .134 = 13.4%</p>	<p>Example Floor Area Ratio Calculation:</p> <p>Step 1. Find total impervious area: Deck = 260 sq. ft. Home = 2400 sq. ft. Total = 2660 sq. ft.</p> <p>Step 2. Find total lot area. 151' X 170' = 25,670 sq. ft.</p> <p>Step 3. Divide total impervious area by the lot area. 2660 / 25670 = .103</p> <p>Step 4. Move decimal to the right to obtain a percentage. .103 = 10.3%</p>

Parcel Number: 00 - 00 - 00 - 0000 - 0000 - 0000	Scale: 3/32" = 2'
3,440 / 25,670 = 13.4% Impervious Surface Ratio.	Floor Area Ratio: 10.3%
Property Owner: John Doe	Address: 100 First Street
Name of Preparer: John Doe	Zoning: R-2
I affirm that this plot plan is true and accurate to the best of my knowledge.	
Signature of Applicant or Agent: <i>John Doe</i>	Date: 10/23/2015
